

1 the Superior Court of Baltimore City. This transfers the
2 function of clerk over to being clerks in the new courts.

3 Section 34, Register of Wills, provides that the
4 office of register of wills terminates on January 1, 1971,
5 as a constitutional officer. Of course, it could be con-
6 tinued as a legislative officer. Such continuation is not
7 inconsistent with the new court setup, and, of course, we
8 have continued the present force of the Constitution with
9 regard to registers of wills until the date of January 1,
10 1971.

11 In other words, that date is to permit the Orphans'
12 Court to serve out their full term along with the register
13 of wills.
